6J is a larger framed heifer stemming from one of our most prominent cow families, they are heavy milkers and are easy keeping cows. We admire Peggy Sue for her length of body, ability to move out effortlessly and her temperament. She is coming straight from the keeper pen and we are only selling due to having a shortage of feed this year, our loss is your gain!

This is the very first heifer that 12A has given me and I'm super excited to see what this female can offer someone. 4J is deep sided, moderate framed and has a great temperament. Her momma has out produced herself by far, bull calf after bull calf making the sale pen. Some great lineage in her background including Eagle, Ideal, Bonanza and Signature. She will be a heavy milker for sure.
